

OnlineJSPlayground Support Guide

Welcome to OnlineJSPlayground –

a fast and free online JavaScript playground. This document answers common questions and guides you on how to use the platform effectively.

Getting Started

Q: What is OnlineJSPlayground?

A: It's a browser-based tool to instantly write, run, and test JavaScript code — no signup or installation required.

Q: How do I run code?

A: Simply start typing JavaScript in the editor. Press the **Run**  button, or use **Ctrl + Enter** to execute.

Features

-  Instant code execution
 -  No login or signup
 -  Supports modern JavaScript (ES6+)
 -  Output displayed in real-time
 -  Clean, distraction-free interface
-

Frequently Asked Questions

Q: Do I need to install anything?

A: No — just open your browser and go to <https://onlinejsplayground.com>.

Q: Can I share my code?

A: Code sharing support is coming soon. Stay tuned!

Q: Can I use HTML or CSS?

A: Currently, the playground focuses on pure JavaScript execution.

Q: Is it free to use?

A: Yes — 100% free and open for all.

Best Use Cases

- Practice JS syntax or logic
- Test code snippets during debugging
- Prepare for coding interviews
- Teach or demo JavaScript concepts live
